

Sound Reiki™ - Level I Certification Weekend

Edgar Cayce, the Father of Holistic Medicine, said "Sound will be the medicine of the future." We invite you to enter into the world of vibrational medicine and discover how your voice can heal. Along with so many others who are training in sound healing, we, at the Sound Reiki Institute, are living proof of the power of the voice. Let us teach you how to access multiple healing dimensions by projecting electro-tonal frequencies, using only your voice.

The Level I Certification workshops are intended to help you help yourself. This Level One is intended to provide a solid introduction to energy and sound healing through a series of lectures and experiencing the healing of Sound Reiki from Sound Reiki Masters Catherine Varga and Heather Hannan.

Prepare for five fun and interactive workshops and listen to the unique and powerful tones of Sound Reiki™. The Certification Program is led by Ascension Grand Masters Catherine Varga and Heather Hannan. Both Catherine and Heather are accomplished Sound Reiki Master Teachers and Usui Reiki Masters. Sound Reiki™ is a unique style of energy healing that uses sound with the voice instead of symbols and uses the body instead of the hands for healing.

Learn various techniques that you can use on yourself to:

- check your energy levels
- identify imbalances
- learn the basics of self-healing using the power of the sound of your voice.

The impact of this type of energy healing is instant and anyone can learn it. This exciting program will benefit all those with an open mind and heart and who believe in a higher power, a Divine Source, no matter what they call it. If you have Reiki experience, prepare to take it to another level! If you are just starting, then get ready to take a quantum leap in your understanding of yourself and how to read your body in a new and unique way.

Although notes for each workshop will be provided, please feel free to bring a notebook and pen. Water and a light lunch on Sunday will be provided, please feel free to bring whatever else you wish to consume. Dress is comfortable and casual.

Cost: \$300

To register please call 416-255-9403 or email info@soundreikiinstitute.com

Weekend Schedule

Friday 7:00 – 9:30pm

Aligning and Balancing Divine Light Energy

Imagine learning the unique process of aligning yourself to 100% Light energy, moving energy multi-dimensionally, at will..... just with the sound of your voice. Take your healing a quantum leap to sound, and learn about the gift within.

In an informal, comfortable setting, you will be introduced to the energy healing of Sound Reiki™, what it is and how it works. The class will conclude with a Sound Reiki Healing Attunement to align and balance the energy of all participants. This Alignment creates a sense of vitality, clarity and well-being and aligns all participants to the vibration of 100% Divine Love and Light.

The Art and Science of Muscle Testing

What is muscle testing? It is also known as Applied Kinesiology, a non-invasive technique that anyone can do and it is highly effective in providing feedback on imbalances in the body. It is a tool used by Chiropractors, Naturopaths, Nutritionists and Massage Therapists, as well as Sound Reiki™ practitioners. It allows the body to speak to the body in a comprehensive way. Learn the basics of how to use this tool in an interactive workshop.

- Would you like to know what foods your body absorbs?
- Would you like to know which supplements, creams or anything else are best for you?
- Would you like to know what blocks are in your body, emotionally, physically or mentally?

Using your own body's biofeedback energy, learn the basics of this technique to answer questions that start the healing process right away.

Saturday

The day will begin with a Sound Reiki™ Healing Alignment Meditation to align and balance your energy in preparation for the day's workshops.

10:00 am – Noon

Introduction to Inner Children

Did you know that at five you were learning about independence? Each year from childhood to adolescence has a spiritual inner child associated with it and how happy that child is happens to be directly proportionate to how happy you are as an adult. The experiences we have in our childhood shape a lot of what we believe about life, the world and ourselves. They deeply influence our relationships with others, our self-esteem and our self-worth. Join us for an insightful workshop learning about what each year of early life means and the influence of past hurts in the present.

Our focus will be to:

- introduce the concept of Inner Children and the importance of their alignment to your adult self
- learn about the significance of each year of childhood and adolescence, what you learned and what you are teaching your children
- gain a better understanding of the impact of events from your childhood and their influence on your ability to move forward today

Saturday

Noon – 1:00 pm

Lunch

1:00 pm – 2:30 pm

Divine Light Energy Cords

If you believe, as we believe, that we are born of the same Source, no matter what you call it, then we are all divinely connected to each other. Participants will be introduced to Divine Light energy cords and how they connect us to our Source, Mother Earth and each other. Discover the power of these cords and how they help or hinder your movement forward.

Our focus will be to:

- introduce Divine Light energy cords, what they are and why they are important
- share the understanding of the power of forgiveness and gratitude

Facilitators will identify and heal a cord that is out of alignment for each participant.

2:30pm – 4:00 pm

11th Chakra Activation & Anchoring Divine Light Energy

In this energizing session, we will discuss the Chakras, Meridians, Axiatonal Lines and Energy Grids that flow through and surround the body. Catherine and Heather, using sound healing, will upgrade all participant's Chakras, Meridians, Axiatonal Lines and Energy Grids and activate the 11th Chakra, a Chakra of Self Mastery for the ascending human consciousness.

Our focus will be to:

- explain the wellness benefits of Chakras and why it is essential they are operating at the highest possible Divine Light frequency
- discuss the 8th Chakra activating the consciousness in your being that recognizes the Divine Oneness in All Things
- talk about the 9th Chakra, an ethereal Chakra activating the consciousness of the Divine Universal Twin Flame (Soul Mate)
- discuss the 10th Chakra, a new Chakra of manifestation, discuss its purpose and how this unique energy can be used to create your highest possible Divine reality
- activate the 11th Chakra, a new Chakra of Self Mastery heightening self-actualization and self-awareness

The day will conclude with a Sound Reiki™ Level I Attunement activating and aligning your abilities for Sound Reiki healing along with the issuing of the Certificates.
